HASEEB FARRUKH

FULL Stack Developer

Passionate and results-driven MERN Stack Developer with 6 months of hands-on experience in conceptualizing, designing, and deploying cutting-edge web applications. My expertise lies in delivering seamless, user-centric solutions that harness the full potential of the MERN Stack. I thrive in dynamic environments and am dedicated to crafting innovative solutions that drive business growth. Eager to contribute my skills and ingenuity to a forward-thinking team, I am poised to tackle new challenges and make a meaningful impact on your organization's success.

Work Experience

NEXTPAK AGILE SOLUTIONS

MERN Stack Developer (3 months)

During my time at nextPak Agile Solutions, I delved deep into the realm of MERN stack development, contributing significantly to the creation of innovative web solutions. Working alongside a dedicated team, I utilized MongoDB, Express.js, React.js, and Node.js to design intuitive interfaces, robust APIs, and efficient database structures. Rigorous testing and optimization ensured our applications performed exceptionally across various platforms. This experience molded me into a skilled MERN Stack Developer, primed to thrive in the ever-evolving digital landscape.

Freelancing

MERN Stack Developer (3 months)

As a freelance MERN Stack Developer, I independently conceptualized, designed, and implemented web applications for various clients. Leveraging my expertise in React.js, MongoDB, Express.js, and Node.js, I crafted bespoke solutions tailored to meet client specifications. This role honed my ability to work autonomously, manage project timelines effectively, and communicate seamlessly with clients to deliver exceptional results.

Projects

Portfolio

Developed and designed a personal portfolio website to showcase my skills as a Full stack developer. This platform not only exhibits a range of projects but also serves as a reflection of my dedication to creating modern, user-friendly web applications. Explore my portfolio for a firsthand look at my technical skills and innovative approach to web development.
